

# THE *green* SIDE

OFFICIAL NEWSLETTER OF COASTAL GREENERY LANDSCAPING  
Serving Glynn, Camden, McIntosh, Wayne, Liberty, Bryan & Chatham Counties | **DECEMBER 2020**

## Merry Christmas!

**Our Team wants to take a moment and thank you, OUR WONDERFUL CLIENTS & FRIENDS, for allowing us to serve you throughout 2020.** This year has been QUITE different, and we do appreciate you working with us during these strange times. The faith and trust you continually put in our Team are something we cherish and do not take for granted!!

During this holiday season, we wanted to show our appreciation and do something for you that we feel will be as dear to your hearts as it is ours. Several years ago, we made the choice to take the funds budgeted to “Client Christmas Thank-You Gifts” and use it to bring God’s love to a family in honor of our clients. We have found that giving is such a simple act, but it has such a powerful meaning and end result. We have heard back from a countless number of our clients who tell us how thankful they are that they could be a part of this mission. This year we called on **Morning Star** and are working with them to help their kids have a wonderful and joyous Christmas. We know that these children will be blessed beyond measure!

We thank you for joining with us to give back a small portion of what God has so richly blessed us with. We pray that you and your family have a blessed Christmas and safe New Year! Thank you for the faith that you instill in our company and we pray that we can continue serving you for many years to come.

*In His Name,*

**The Coastal Greenery Team**

### IN THIS ISSUE

#### Christmas Greenery

How to tell them apart

#### Christmas Cactus

How to take care of it

#### Team Members of the Month

November, for Golden Isles & Savannah

#### Holiday Schedule

# How to Distinguish Between Christmas Greenery

**Holly** - classic green plant with red berries seen during the holidays

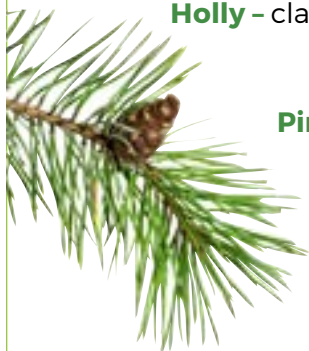

**Pine** - needles are like spruce tree needles, but the branches of a pine tree are bent upward, and trees have fewer branches

**Spruce** - needles are attached individually to the branches

**Fir** - Concolor Fir, Noble Fir, Canaan Fir, Grand Fir, Fraser Fir, Douglas Fir and Balsam Fir - each having different qualities

**Juniper** - short, sticky, green, or silver blue foliage with small blue berries

## Christmas Cactus

**The Christmas Cactus, a winter-flowering plant makes a great addition to nearly any indoor holiday decorations.** These plants are not only easy to care for but generates easily too.

The Christmas cactus is easily propagated by:

1. cutting a short Y-shaped segment from the stem tips
2. planting the piece in soil
3. wet lightly but evenly
4. place the cutting in a well-lit area, staying away from any direct sunlight

## How to Care for Christmas Cactus

The Christmas cactus grows well under average home conditions with moderate care. The Christmas cactus will adapt to low light conditions but will produce more blooms if exposed to brighter light. Remember - too much direct sunlight will cause the leaves to burn.

Keeping the soil moist is important as well. The plant requires frequent and thorough watering, during its active growth in spring and summer. You can allow the moisture levels to drop and dry out some between watering intervals, but never completely. The cactus does not like to have wet feet (sit in water), as this will lead to root and stem rot. Every other week or so you can apply a mild fertilizer solution.

# Team Member of the Month: November

**FELIPE LOPEZ**  
*Golden Isles Branch*

**ANTHONY BROWN**  
*Savannah Branch*

*These are team members who display the company core values (Safety, Quality, Leadership) in all that they do while working, have excellent attendance, and are constantly trying to improve themselves.*

*Our Operations Managers will vote for 1 team member each month from each branch who meet the above qualifications.*

**CONGRATULATIONS  
FELIPE & ANTHONY!**

## Christmas and New Year's Hours of Operation:

### Week of Christmas:

**The office and production will work  
Monday 12/21 - Wednesday 12/16**

### Week of New Year's:

**The office and production will work  
Monday 12/28 - Wednesday 12/30**

*If you have an emergency, you may contact your CRM via cell phone and/or email. We hope that you will take time during the holiday season to stop and take in all the magical moments and remember just WHY we celebrate Christmas!!*

---

**Thank you and we look forward to all the wonderful possibilities to come in 2021.**

---

*Merry Christmas  
& Happy New Year!*
